## Amerispain

Amerispain is a new Copyrighted American Breed, and here are several reasons why it is important to you whether you are a Commercial or Registered Breeder. Amerispain is going to take a lot of problems out of Cattle raising, and put a lot more money in the bank at the end of the year, all for different reasons than you are used to hearing.

The Breeding Combinations which are involved in Amerispain have already been tested by hundreds of breeders and proven to do it all as good or better than anything else. We could fill this Magazine with documents, facts and figures from both breeders and Colleges alike, but better yet come see us, or let us come see you.

You can enroll your own cows and be off to a great start, or we have foundation heifers for sale now from the background of several choices.

There is always a definite advantage in being among the first in any Breed Program.

You not only will prosper by being first in your area or state to produce such outstanding cattle, but we offer tremendous opportunity for those who qualify as appraisers for the Breed. These are needed in many sections of the country.

If you want to do something worth doing, contact us soon. We are going ahead, and hope you go with us.

In order to measure genetic improvement in breed characteristics, performance, efficiency, gains, size, and carcass evaluation, all bull calves should be handled alike year after year.

This is why we test all of our bulls on the ranch in traps without sheds, 30 to 60 at a time.

We use the same ration, more roughage, less grain, and more room. This gives you a bull with improved fertility, longevity, and soundness.

# BRANGUS SIRE BLACK BALDIES

The  
Feeder's  
Choice

Brangus sired Black Baldies are in strong demand by feeders and bring top dollar for you!

Black Baldies are an ideal feeder animal. Ask any commercial cowman about the great calves with "a little ear". Medium-sized at birth, they make calving easy for any type of cow. They gain quickly on feed or forage, and average 75 to 100 pounds heavier at weaning than English breeds.

Brangus feeders mean fewer problems for the operator because they are adaptable to climatic extremes and are pest and disease resistant. But most important, Brangus feeders are consistently PROFITABLE. They lay down internal fat early and finish early with enough marbling to grade choice. Brangus calves are preferred—by stockers, feeders, packers, and consumers. If you want PROFIT, you need BRANGUS!

For information about scheduled events, upcoming sales, and sale catalogs, call collect: Lauren Mayhew, Secretary, Texas Brangus Breeders Association, P.O. Box 570, Sealy, Texas 77474. Tel. (713) 885-3364.

## Our Girl Friday ...

By ANN SYLER

For the second year in a row, the Pan American Brangus Classic Sale at Dallas out-averaged all the sales held there by any breed. This is quite a feather in our cap, wouldn't you say? Our average was \$5,065 on 20 lots, which was in itself up \$527 over last year. Top of the sale was a cow-calf pair consigned by Wendy Sjolander of Brazos Brangus, Hiesel, Texas; purchased by Clayton Williams of Ft. Stockton for \$7,500. Second high selling lot of the sale was an open heifer consigned by Sheryl Richardson of Longview, Texas; purchased by Plum Creek Ranch, Fairfield, Texas for \$6,300. Does this indicate to you what a top job is being done by Brangus Junior members? Plum Creek Ranch was the volume buyer at the sale, purchasing three lots.

Just last Saturday I had a birthday party in Calhoun, Georgia. Can you imagine such a thing? But we were there

Secretary.  
We have an unbeatable group of ladies in our Brangus world - whom everyone appreciates but who are not often recognized - and the two sales mentioned above are outstanding examples of what they can do. We'd like to give credit here to our "unsung heroines" who pitch in to do whatever is needed whenever it is needed. For instance, the Southern Belle Sale - Rosie Griffin, a gal who gets things done knew the caterer wanted far too much money for the noon meal and said, "I can't do it better and cheaper!" So she did - preparing a fantastic meal for 200 people, carting everything from her home 200 miles away, even down to a large board to put over the sink so that there would be more counter-serving space! She enlisted the help of some of the ladies of the Association to bring cakes and cookies and to help her do the serving - and at 11:30 a.m. on Sale Day there it was, for less than half the price - and it hadn't seemed to faze her at all.

Then there were Carolea Sharpe, Jane Jackson, Joy Richardson, Jean Cross and Sarah Norton at the Pan-Am Sale, and Sarah Norton at the fairgrounds early the morning of the Sale and started in decorating. We will say thanks here, too, to C. B. Jerry Dodson who came to help and provide the "brawn" needed for some of the jobs. These Brangus wives "robbed" curtains from the backdrops and draped the front of the auctioneer booth; lifted and toiled bales of hay to put around as decorations; physically lifted and moved the huge expanse of backdrop curtains to make the seating area (and at one time during this maneuver the whole thing fell - the way dominoes do) was quite a sight; carpenter, Sarah Norton purchased, loaded in her car and brought, and then loaded up and took back Diamond N Ranch 20 pots of flowers (as busy as she was with their sale which would take place the next day, she still made time to do this) and it was she who had worked for 3 months with the motel headquarters on reservations for everyone. Wanda Britton and others were manning the registration desk at the motel during all of this time. . . And I realize that I am going to have left someone out of this, which I apologize. I'll try to make up for it next time, but just wanted to let everyone know that we could't get along without them!

# NEWS about LIMOUSIN

## Around The Limo Loop

By KEN HOLLOWAY and BRUCE BROOKS

This month's Limo-Loop finds us making a hot streak down the road. Our fall sale season is in full swing. So far, we have had the opportunity to sell some tremendous Limousin cattle at auction and as a result our averages have been strong.

Plans are moving along rapidly for the 5th Annual World Limousin Futurity and 10th Annual Convention. This year's event promises to be one to remember. The Missouri and Kansas Associations are pulling all stops to insure possibly the best convention yet. The World Futurity Show and Sale will display approximately 100 head of the highest quality Limousin cattle to be found. This year's show will initiate a club steer and club heifer prospect class. Each of the Futurity entrants will be competing for a \$20,000 premium purse. Make plans now to be with us in Kansas City for this memorable event to celebrate the 10th Anniversary of Limousin Futurity.

Convention our spotlight will focus on the North American International Livestock Exposition in Louisville, Ky., and the Kentucky National Limousin Show and Sale. Since its inception 4 years ago, the American International has been a major Limousin event in the Southeast and this year will be no exception. Be with us November 17 in Louisville, Ky.

Don't forget the Oklahoma Select Club Calf Sale, Sun., Oct. 22, at the Coyote Hills Ranch, Chattanooga, Okla. This annual club calf sale will feature 80 club steer prospects. These calves will be January through May 1978 steer calves consigned by the herds that have consistently produced the top Limousin, Maine-Anjou, Simmental, Hereford, Charolais, and Angus club calf prospects. Also featured will be 20 club heifer prospects. These heifers will be spring born registered heifer calves from the top Hereford, Angus, Limousin, Simmental and Maine-Anjou herds. If you are in the market for club prospects for spring '79 shows, immediately after the Futurity and be with us at the Coyote Hills Ranch.

representative, said the Carter Administration should "become more aggressive in responding to unfair trade practices... particularly to dumping actions and to use of export subsidies. Such practices not only permit many nations to penetrate the U.S. markets when they would otherwise be unable to do so, but they also take third country markets away from us."

Youtter, speaking to a group of business leaders in Houston at a special briefing sponsored by the Center of International Business, said.  
"The Executive branch has ample legislative authority to retaliate against unfair trade practices, but both President Ford and President Carter have held back on such stern action in order not to impede progress at the multilateral trade negotiations. I find no fault with that policy, though it has clearly required us to turn the other cheek on many occasions..." Youtter said.

Some years back authorities started to name a dam in honor of Bobby Dodd, then Georgia Tech football coach. But they decided "Dodd Dam" wouldn't sound too good.

## Texas Polled Hereford NEWS

by Norman Cabaniss

We would like to encourage Polled Hereford breeders to furnish the Texas Polled Hereford Association with the names and addresses of persons purchasing Polled Hereford cattle. These names will be added to our mailing list and purchasers will receive a complimentary copy of the State Directory and 3 sample copies of the TPHA Newsletter. By doing this, we feel that their interest in Polled Herefords will be heightened, improving both your business and the Polled Hereford breed.

The West Texas Polled Hereford Association held a membership meeting at the Royal Inn in Abilene, September 14. Officers elected were Wallace Fields, President; Jim Gill, Vice-president; Joane Abbey, Secy-Treasurer, and Directors Joe Dan Weedon, Franklin Sollette and Charlie Abbey.

The WTPHA has agreed to hold meetings at different geographical locations during the coming year and provide educational programs on promotion and other subjects at these meetings.

A sale committee was appointed to study and make recommendations for a spring sale sometime in April 1979.

A meeting of the Texas Polled Hereford Association has been scheduled during the Central Texas Polled Hereford Show and sale to be held at Clifton, Texas, October 28. For more information contact Mrs. Harry Dullek at 817/435-2571.

A new registered Polled Hereford herd has been begun by Jimmie Farrington of Farrington Bros. at Abilene, the local Pina Distributors. Farrington has made a number of purchases of top cattle including one-half interest in Victor K 47 D 100 from the Ira Duck Jr. herd at Taylor County and two full sisters from the same herd, sired by a Sam Swann bull out of Pride Lady 18. Other

purchases were made from the Jim and Fay Gill herd and Spring Creek Farm of Pierpont, Ohio. Randy Turner of Coleman is the recipient of a \$300 loan from the National Council of Polled Hereford. The loan was used to purchase JFG Katy Roundup 87 K from Jim and Fay Gill. The Polled Hereford have awarded nearly \$15,000 in 5 years to youngsters desiring to purchase registered Polled Hereford females.

### The Santa Circuit

Three-thirty a.m. means different things to different people. For most, it's the middle of a sound sleep. For the night prowler, it's time to return to the roost, but for custom fitters it's time to rise and head for the show barn.

This past Thursday at 3:30 a.m. yours truly was pushing cattle in from the traps to be loaded on a semi headed for the Beaumont show. As I trudged through the dark, and dew covered grass a thought occurred to me — why no much recent interest in showing Santa Gertrudis? The answer has to lie with the now, and the small breeder. These people are producing a superior product and they want the public to know about it. A lot of new brands have appeared in the winners' circle this year, resulting in a highly advertised, very marketable product. Most of the breeders that we have hailed for have expressed the opinion that showing and winning has definitely increased sales at the ranch.

Some 750 head of Santa Gertrudis have recently been sold at public auction. Starting with the first sale at the Poplar Bluff, Mo., on Sept. 30, running on down to the King Ranch Sale, at Kingsville, and back north to Dallas, on Oct. 8. Prices were good at all the sales, and demand was strong. The majority of the cattle were sold to new people in the Santa Gertrudis business. Cattle went from Illinois to Florida, Mexico to New Mexico, and points in between. One thing was quite obvious: well conditioned, top quality cattle always sell well.

The Dallas show saw Frank Leigh judging some 250 head for champion-ship honors. Grand champion female was Chaparrosa's 7637, with reserve grand champion going to Joe Frenley's 3/7. Grand champion bull honors went to Mayfair Ranch's Mountain Bonu 776, with reserve champion bull going to Chaparrosa's 8/803.

S.G.B.I. recently lost a good field director when Kenneth Ellis went to work for El Collina Ranches, Morgan, Texas. We wish you the best of luck, Kenneth. Kenneth was replaced by Joe Jones. Joe is a South Texas man, raised on a ranch near Charlotte. Joe has all the makings of a top classifier.

If you haven't already put your cattle on full feed for the Houston Super Sale, now is the time. Also keep in mind the halter sales in conjunction with the National Show and annual meeting in

### New Field Director For SGBI Engaged

**Beef, Omaha, Nebraska for \$14,517.50!**  
In his third year of competition at

AK-Sar-Ben, Thomas showed his steer to the champion of the Division 1, steers ranging from 1,560 to 1,450 pounds en route to the grand championship over the 695 steers in the four weight divisions, Performance Steer and Calf and a Calf division. The steer posted a 2.00 average daily gain.

Not being the kind to be satisfied with such success, Troy went on to have the champion steer beater at the show and was also tapped as the Reserve Champion Showman.

The spectacular win was not Thomas' first in AK-Sar-Ben competition. Last year, he was named Beef Breeding Champion Showman and in 1976, had the champion entry in the Beef Carcass
